PROFESSIONAL SUMMARY

Front-End Developer with a strong foundation in HTML5, CSS3, and JavaScript. Computer Science graduate passionate about building responsive, user-friendly web applications. Skilled at translating UI/UX designs into clean, accessible, and maintainable code. Eager to learn modern front-end frameworks and contribute to real-world software development projects.

TECHNICAL SKILLS

- **Programming Languages:** JavaScript (ES6), HTML5, CSS3
- **Frontend:** Responsive Web Design, CSS Flexbox, CSS Grid, DOM Manipulation, WebRTC, Socket.IO
- **Version Control:** Git, GitHub
- **Design Tools:** Figma, Adobe Photoshop, Canva
- **Concepts:** UI/UX Design, Cross-Browser Compatibility, Accessibility, Mobile-First Design, REST APIs

EDUCATION

B.Sc. Computer Science with Cyber Security

June 2023 – May 2026

Rathinam College of Arts and Science

Relevant Coursework: Web Development Fundamentals, User Interface Design, Information Security

PROJECTS

Omeagle

HTML5, CSS3, JavaScript, WebRTC, Socket.IO

Developed a real-time random video and text chat platform inspired by Omegle. Implemented peer-to-peer video communication using WebRTC, real-time messaging with Socket.IO, responsive UI, and cross-browser compatibility.

Live: omeagle.online

GitHub: github.com/abhijithmr226/Omeagle

Krynn Tools

HTML5, CSS3, JavaScript

Built a browser-based productivity platform featuring developer tools, text utilities, file converters, calculators, and AI-powered utilities. Designed a responsive, privacy-focused interface with fast client-side processing.

Live: krynntools.online

GitHub: github.com/abhijithmr226/krynn-tools

Hotel Booking Platform

HTML5, CSS3, JavaScript

Designed and developed a responsive hotel booking website for discovering accommodations across Kerala. Implemented hotel search, booking workflow, mobile-first UI, and optimized layouts for different screen sizes.

GitHub: github.com/abhijithmr226/hotel-booking

Hawksbill Security

HTML5, CSS3, JavaScript

Designed and developed the corporate website for a cybersecurity company. Built responsive landing pages, service sections, SEO-friendly layouts, and modern UI components with a focus on accessibility and performance.

Live: hawksbillsecurity.in

TECHNICAL EXPERIENCE

Independent Front-End Developer

Self-Directed Learning

Develop web projects using HTML5, CSS3, JavaScript, Git, and GitHub while continuously improving responsive design, UI implementation, accessibility, and coding best practices.

CERTIFICATIONS & LEARNING

- Adobe Photoshop: Essential Skills
- Google UX Design Fundamentals (In Progress)
- Career Essentials in Cybersecurity by Microsoft & LinkedIn
- ServiceNow IT Leadership Certificate

KEY STRENGTHS

- Responsive Web Design
- User-Centered UI Development
- Strong Attention to Detail
- Design-to-Code Implementation
- Problem Solving and Debugging
- Fast Learner with Passion for Modern Web Technologies

ADDITIONAL INFORMATION

- Passionate about modern web development and responsive design.
- Active GitHub contributor with multiple front-end projects.
- Currently learning React.js, modern JavaScript development, and UI/UX best practices.
- Committed to continuous learning and staying updated with emerging web technologies.
